Cc: Andy Barrett <Andy@thebarrettfirm.com>, William Honker/R6/USEPA/US@EPA, Wren Stenger/R6/USEPA/US@EPA, Philip Dellinger/R6/USEPA/US@EPA

Harry and Charles,

EPA will proceed with the technical meeting on August 16, 2012 from 1-2:30 p.m. Because of the short notice, the hydrologist for the Goliad County Ground Water Conservation District is not available.

EPA will send out a draft agenda and a table outlining the 3 issues of concern based on EPA's review of the CDs that you submitted to us. I hope to get this to you by COB, Monday, August 13th.

The GCGCD has requested that a second meeting be held the week of August 27th in Austin, Texas. They would like their hydrologist as well as technical staff from EPA, TCEQ, and UEC to be present for a discussion on the data issues. In addition, the attorney for the Goliad County has requested that their technical expert be present for the meetings. Keep in mind that these meetings will be structured and will focus only on technical issues related to the aquifer exemption.

I will send out a final list of participants by Monday morning.

Thank you,

Stacey B. Dwyer, P.E.
Associate Director
Source Water Protection Branch
U.S. EPA Region 6
